

Apêl y Santes Fair, Porth Tywyn
The St Mary's, Burry Port Campaign

Newyddion: Rhif 4 Hydref 2009
News: Number 4 October 2009

It was with great excitement that we heard last week that Carmarthenshire County Council have given £25,000 to the Campaign following our application to the County Collaboration Fund. This is a huge boost for us.

In the meantime, the Executive Committee have submitted an application to the Welsh Assembly Government's Community Facilities and Activities Programme. If we are successful with this grant, this will close the funding gap and enable the project to begin on schedule middle of next year.

Following an initial objection to the concept of a glass west door, the Victorian Society have now both consented to and approved the design on the basis that it will open up this glorious building to the whole town. The whole concept of this project is based on making St Marys less of a building that is inaccessible for much of the time and more of a community centre and heart to the town. The glass door is inspired by the west wall of Coventry Cathedral and many churches such as St James' Parish Church, Muswell Hill shown in the photograph on the right which have opened their doors to their communities
